

DEVOS FOR BUSINESS

DEVOS 4

Effective Corporate Video Communications

The Discover Video DEVOS system empowers enterprises to deliver multimedia communications to employees, partners, and customers worldwide. Whether compliance training, executive town hall broadcasts, employee generated content (EGC), or marketing communications, the DEVOS system is ideal for small, medium, and large businesses that want to deliver video in real-time or on-demand.

INTERNAL COMMUNICATIONS

- Town Hall Meetings
- Secure On-line Training
- Human Resource Announcements
- Compliance Training
- Recording/Replaying Video Conferences
- Digital Signage
- Employee On-Boarding

EXTERNAL COMMUNICATIONS

- Deployment of New Products and Services
- Marketing Webinars
- Live Investor Briefings
- Reseller On-line Training
- Webcasting Major Events

Benefits to Organizations

- Reduce training costs by leveraging the Internet /Intranet for delivery of multimedia training content
- Inform employees on company news wherever they are located
- Announce new product/service information to customers and resellers in HD quality
- Deliver news instantly to investors and company stakeholders from HQ
- Eliminate the administrative burden and repetitive process of on-boarding new employees
- Accelerate time to market and efficiencies across teams via live and on-demand video

How it Works

The DEVOS hybrid system distributes live and on-demand multimedia video to viewers on computers, mobile devices, or TVs. Discover Video software encoders provide the ability to stream or record events and presentations for local or external broadcast.

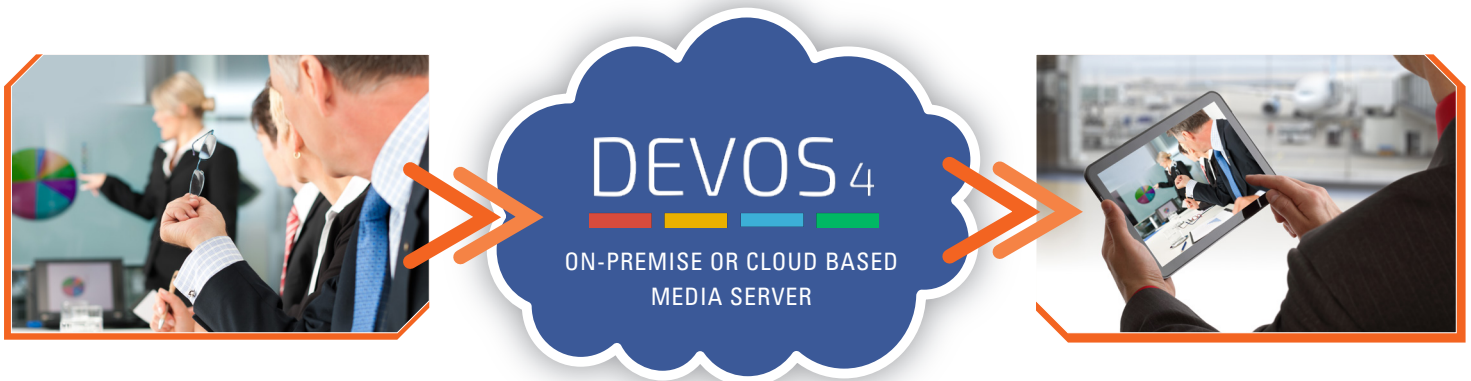

The DEVOS on premises or cloud based system manages, organizes, and delivers live or on-demand content securely to employees or outside viewers. Any content can be password protected or require logon through Active Directory for security.
