

## DEVOS FOR HEALTHCARE

DEVOS 4

### Enhancing Healthcare with Digital Video

The Discover Video DEVOS system is used by healthcare organizations for multimedia on-line training, event webcasts, marketing, digital signage, and executive broadcasts. DEVOS is a comprehensive, hybrid, on-premise or cloud based system for live streaming, on-demand libraries, digital signage and priority alert (emergency communications). It is very cost effective and can be deployed in one medical office or a large hospital.

#### WITHIN THE MEDICAL BUILDING

- On-line training of medical personnel
- Cable TV distribution over IP and wireless
- Executive broadcasts to employees
- Multimedia news on digital signs
- Video Emergency Notifications

#### OUTSIDE THE MEDICAL BUILDING

- Remote On-line training of staff
- Grand rounds distribution
- Event webcasts
- Guest Speaker webcasts
- Medical facility marketing promotion
- Tele-medicine

### Benefits to medical offices and hospitals

- Reduce training costs by creating and using on-line video systems
- Deliver hospital or medical news to digital TV monitors
- Share special events at hospitals with outside audiences
- Increase productivity by delivering important employee announcements on-line
- Improve medical procedures and exams through video clinical assessment

## How it Works

The DEVOS hybrid system distributes live and on-demand multimedia video to viewers on computers, mobile devices, or TVs. Discover Video software encoders provide the ability to stream or record events, classroom lectures, training sessions, and presentations for local or external broadcast.

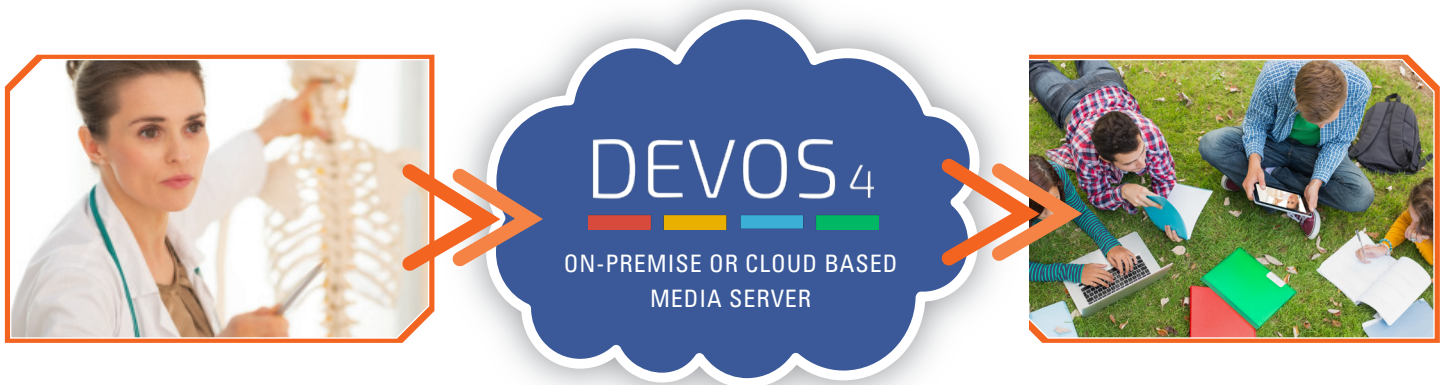

The DEVOS on-premise or cloud based system manages, organizes, and delivers live or on-demand content securely to students, employees, or outside viewers. Any content can be password protected or require logon through Active Directory for security.

## Why DEVOS

- Viewing on all types of devices including iPads, iPhones, Androids, Roku boxes
- Hybrid architecture providing efficient bandwidth utilization
- Streaming and recording from iPads, iPhones, and computers
- Complete digital signage system included with DEVOS purchase
- Emergency messaging to all computers/TV monitors
- Less than half the price of competitive systems

## Key Features

- Integrates with Sharepoint or LMS systems
- Desktop capture (ie Powerpoint) with video and audio
- Full viewing statistics via integrated dashboard
- Install on-site, VM, or cloud based
- Tracking of viewers for compliance verification
